

Dear fellow alumni,

The last few months, the #metoo wave has hit NGOs (like Save the Children or OXFAM) and UN agencies. Sexual harassment and abuse in the human rights sector is unfortunately a reality, an issue we touched upon during the Career day with the current students of the master in January. This is a chance for our sector to finally really apply a human-rights based approach to the organisational culture. Only better policy and processes for equal pay, reporting abuse and harassment and ending male privilege will change women's reality. A rights-based approach would also mean treating all staff well and ending unpaid internships in organisations that can afford to pay them.

In a time when human rights organisations and programmes are under attack, we need as much information as possible from you to show the impact that we are having. I appeal to you to support us and EIUC by filling the survey we sent you last week and shared just below. Your answers will help to show the impact of the master on your professional careers and the richness of this network.

Finally, get in touch with us to share news about your projects, articles you wrote, the alumni gatherings you are organising. We want to hear from you.

Véronique on behalf of the board of the E.MAlumni Association  
President of the E.MAlumni Association

---

## SURVEY

We have launched a survey to better understand the impact that European Master's Programme in Human Rights and Democratisation (EMA) had on your professional life. Your opinion is very important to us.  
[Here is the link to participate in the survey.](#) It will take you approximately 10 minutes to complete it and you have **until the 18th of March (Sunday)** to express your opinion.

## EVENTS

## CAREER DAY

On 26 January, the Career Day took place in the Monastery on the Lido. Six E.MAlumni facilitators ensured an interactive and fruitful discussion with the Masterini. For the first time, two new sessions were introduced: on stress management in human rights work and a roundtable discussions on human rights work in practice. These initiatives were very much welcomed by the Masterini.

with fellow alumni.

### LISBON

The Lisbon GCA hub met in end February and discussed the consequences of the #metoo campaign in Portugal. The focus was on sexual violence and harassment against women in Portugal and the inadequate response.

The next [discussion](#) organized by the alumni will be on March 20 on the right to clean air in Portugal.
