(GOOD MORNING)

Together for Human Rights

Have a look at the video about **Diana**, an alumna from #GCLatinAmerica, whose work shows how important it is to listen to children to learn and design inclusive education methods and tools.

She learned her first words of Haitian creole with 4-year old Reginald.

To find out more about how our alumni make a difference in the realisation of children's rights, have a look at our website: www.globalcampusalumni.org
