

Global Campus  
Alumni

*Together for Human Rights*

Have a look at the video about **Tara**, an alumna from #GCSEE who advocates for the right to education of children on the move in Europe.

Children on the move are children first and states have the obligation to fulfill their right to inclusive education.

To find out more about how our alumni make a difference in the realisation of children's rights, have a look at our website: **[www.globalcampusalumni.org](http://www.globalcampusalumni.org)**

This project is funded  
by the European Union
